**WORK EXPERIENCE** Sopra Steria Asia Pte Ltd April 2019 — June 2019  
Software Tester and UAT Tester  
Job Scope:  
I was initially hired to help with the UAT testing of the software and mobile application made by the team, to help test for bugs and frontend design issues.  
I was tasked with using Katalon Studios to write automation scripts to automate the website testing of the product, which I had to present to the project manager leading the team.  
After completing this, I was moved to another team to help with the debugging and live demonstrations of the mobile application, user interface of the application and the load testing of the servers.
